

# READ & LEARN TO EARN PRIZES!

Grab any book, comic, e-book, picture book, or even an audiobook — they all count! Listening to someone read aloud counts, as well as, any active learning activity. Below are a few suggested activities, and visit [acpl.info/spark](http://acpl.info/spark) for even more ideas. Dream big and create your own adventure!

## Baby – Kindergarten

Draw or color a picture together.

Read a folktale to your child.

Look for animals outside and talk about what they're doing.

Attend ACPL Storytime at the park.

Look at a wordless picture book and talk about the story.

Practice deep breathing by blowing bubbles and smelling flowers.

## Grades 1 – 6

Draw a character from your favorite book.

Ask a grown-up to tell you about a memory from their childhood.

Take a walk in nature. Make notes about what you see, hear, and smell.

Read to a friend or to a pet.

Try a new vegetable or fruit.

## Grades 7 – 12

Make up a dance to your favorite song.

Build a model vehicle using recyclable items.

Create a piece of art using only things you can find in nature.

Learn a new word and use it in conversation.

List all the things you are grateful for. Come back to it any time you need encouragement.

## Adults

Visit an art museum in-person or virtually.

Visit [scistarter.org](http://scistarter.org) to participate in a citizen science project.

Go outside and sketch or write about the nature around you.

Learn a new riddle, and then write one yourself.

Listen to an audiobook on Hoopla about wellness or self-help.

## All Abilities

Dance to one of your favorite songs.

Write down a word that accurately describes you.

Play a board game you've never played. You can check one out from the library!

Learn a new joke — or make one up.

Listen to relaxing music and take slow, deep breaths.
